

Become Our Aerodrome Operations Specialist

Who we are

The Loomex Group is a North American group of companies that provides strategic, operational, and tactical services for clients across Canada and the United States, including airports and aerospace industries, emergency services providers, private corporations, institutions, communities, and all levels of government.

About this role

The Loomex Group is hiring an aerodrome operations specialist for the Detour Lake Mine Airport in Northeastern Ontario. The successful candidate will support the day-to-day operations of the airport and oversee site safety.

The wage for this role is **\$32 per hour**. As an aerodrome operations specialist, you will work four days a week with eight hours of overtime pay. You will also enjoy perks such as travel allowances, call-out pay, and meals and accommodations while on location.

Don't miss this exciting opportunity that will take you off the beaten path—come and join our growing team today!

What you'll do

- Report to the aerodrome supervisor.
- Execute a work program that follows Transport Canada regulatory requirements and industry best practices regarding emergency response, wildlife management, winter maintenance, and the operation of all aerodrome maintenance equipment.
- Complete summer and winter maintenance that requires using the airport's loader, grader, snow blower, and single and tandem axle trucks.
- Perform various tasks that require the use of hand tools and power tools, including chainsaws.
- Perform minor maintenance on chainsaws and other tools (as needed).
- Perform minor and preventative maintenance on airfield electrical systems, including tasks to meet preventative maintenance requirements for the job site.
- Participate in airport training and safety programs.
- Perform minor maintenance on airfield equipment in a safe and professional manner.
- Inspect the airfield and runway on a regular basis.
- Conduct wildlife inspections and perform wildlife control duties.
- Perform duties associated with the safety management system.

- Assist with emergency responses and security.
- Provide aerodrome advisory services to air traffic.
- Escort persons and vehicles airside.
- Undertake below-wing activities, such as aircraft marshalling, aircraft ground handling, baggage and cargo handling, and aircraft de-icing.

What you'll bring to the table

- Grade 12 secondary school education
- Criminal record check
- Equipment maintenance knowledge (421A/310T is an asset)
- Written and verbal communication skills (to respond to customers and to interpret instructions and procedural manuals)
- Computer skills
- Ability to analyze situations and solve problems effectively
- Ability to work independently or as part of a team
- Ability to lift up to 30 kg. and work standing for an extended period of time

Qualifications considered an asset

- Valid DZ license and clean driver's abstract
- Valid AZ license
- Heavy equipment operator's certificate
- General construction skills
- Education in aviation
- An aeronautical radio license
- A pilot's license
- Level 2 aviation management course or equivalent experience

Working conditions

- This position involves 48 hours of work from Sunday to Wednesday (with four hours of overtime). The incumbent will work during the night shift.
- The incumbent will commute to Timmins, ON, or Cochrane, ON, where transportation to Detour Lake Mine will be provided.
- Excellent accommodation and meals are provided at Detour Lake Mine during the work period.

- An annual clothing and boot allowance is provided.
- An annual health spending account is provided.
- Winter hours may vary based on snowfall.
- Benefits include an annual health spending account and monthly fuel allowance.
- We are willing to offer airport-specific training to experienced machine operators.

How to apply

To apply for this position, please send your resume and cover letter to hr@loomex.ca.
